

Supporting BBS UK

HELPS TO SUPPORT
AN ENTIRE COMMUNITY

You're viewing this poster because someone you know is impacted by a rare, life-changing condition called Bardet-Biedl syndrome.

Bardet-Biedl syndrome (BBS) is a rare genetic condition that causes progressive sight loss and learning difficulties, among many other symptoms. Over 650 people are known to have BBS in the UK alone.

As the only charity which supports families impacted by BBS in the UK and RoI, Bardet-Biedl Syndrome UK helps by:

- Supporting families throughout crucial clinic visits
- Throwing events for families to come together and connect
- Offering expert advice on benefits navigation
- And creating publications on how to manage BBS lifelong.

Registered Charity No. 1181244

Your Organisation

CAN MAKE A DIFFERENCE THROUGH:

Team Building Fundraisers!

Your company can engage in exciting team-building fundraisers for BBS UK. Imagine challenge events like donating 1p for every step walked during an office day or training together for a thrilling group boat race. Get creative with 'donate-to-play' events such as 'Fancy Dress Friday', where employees contribute to BBS UK to join in the fun!

Checking Out Your Company's Fundraising Resources!

Discover the potential within your company by checking if there is a company foundation or a match giving programme. These resources can significantly amplify your impact!

Sponsoring Our Events or Projects!

Make a lasting impact by sponsoring projects like our annual family conference or Clinics Support Service. Your company's support will ensure we can continue to be there for every family affected by Bardet-Biedl syndrome.

Choosing Us as Your Charity of the Year!

We would be thrilled and honoured to be selected as your charity of the year. Together, we can raise awareness and provide crucial support for those impacted by Bardet-Biedl syndrome.

For more information or to get in touch about how you can help our BBS community, please contact fundraising@bbsuk.org.uk.
